 - Complete set(s) of building plans & specifications (1) for residential (3) for commercial, included with application
 - Site Plan / Plat of Survey provided
 - Deposit check included with application
-

What Happens Next?

Your application and all required submittals may be dropped off at the Village Hall. You should also notify the Building Inspector at the telephone number listed above. Site plans will be reviewed by the village Zoning Administrator. Building Plans for residential construction will be reviewed by village Building Inspector. Commercial and Industrial projects will be sent to a third-party plan review service (additional review fees will be incurred). Depending on the complexity of your project, turnaround will typically take between one to three weeks. Thoroughness and attention to detail in your application and submittals will help expedite the process.

When your permit is ready, you will be contacted by village staff. Any additional fees will be collected at this time. You will receive a permit card and a plan review relating to your specific project. You may not begin work until the permit is issued. Your permit card must be displayed on the property. You should carefully read the plan review for important information regarding your project. Then, it is your responsibility to call for all required inspections as outlined in your permit package.

More Questions?

Please feel free to contact the Building Inspector
at the telephone number listed above.
Monday through Friday, 8 am. until 5 pm.
