Cart delivery will begin in June and be complete by July 5th. Each resident will receive one 95 gallon trash cart and one 65 gallon recycle cart.

The carts are the property of Northern Illinois Disposal. Please do not deface them with any permanent markers or paint. If they are damaged by the homeowner, there will be a \$75 replacement cost. If they are damaged by us, we will replace or fix free of charge for the life of the cart.

The carts being delivered are used carts that have been refurbished. The carts have minor scratches do to normal usage. If you need an extra cart there are two options. Option 1: you can call and purchase a cart for \$75 and it is yours to keep. Option 2: you can rent a cart for an annual fee of \$24. This would be billed once per year. Please wait to call until all carts are delivered. If you are handicapped or a senior citizen you may have your 95 gallon cart switched out to a 65 gallon cart. You would need to call 800.930.7321. Please do not call until the carts are delivered to your residence. This is only for senior citizens and the handicapped.

After your carts are delivered you can set your old cans at the curb with a note attached for the driver to dispose of them or you can keep them for your yard-waste. Please do not use your old cans for trash or recycle. You need to use the provided carts.

Yard-waste pick up starts the first pick up day in April and ends the last pick up day in November annually. Please put yard-waste in 32 gallon cans or less marked with an "X" at the curb the same week as recycle week.
